

University of the Pacific
Donations of Securities: Stocks and Mutual Funds

Thank you for your interest in making a gift of stock or mutual funds to University of the Pacific. We are grateful for your support! There are two significant benefits to giving appreciated marketable securities: First, such gifts create an income tax charitable deduction equal to the current fair market value of the securities being given. Second, such gifts normally allow the donor to avoid the capital gains tax otherwise payable on the appreciation in the value of the securities being given.

During normal business hours please contact Advancement Services at 209-946-2202. Please contact Catherine Wooton, Sr. Associate Vice President for Development at 209-607-4860 during Holiday closures if you have questions about these instructions or if you have other types of securities you wish to donate, such as bonds, or if your stocks are held in the form of stock certificates.

DTC or Electronic Transfer Instructions

Electronic, or DTC transfer, is the fastest and most secure method of donating securities. Please instruct your broker to transfer the securities to one of Pacific's brokerage accounts listed below.

Donors making gifts at the end of the year should confirm with their broker that the transfer will be completed on or before December 31st.

Transfer of Mutual Funds

Unlike securities, transferring ownership of a mutual fund can be a slow and manual process. The re-registration process time varies from fund to fund and can take as long as six to eight weeks. Please instruct your broker to transfer the mutual funds to one of Pacific's brokerage accounts listed below.

Donors making gifts at the end of the year should begin this process six to eight weeks before the end of the year and confirm with their broker the transfer will be completed on or before December 31st.
